

To whom it may concern

Zwolle, March 2024

**QuantiParts BV will transfer the parts and support activities for the Deutz 440/441 engine types to Storm Engines & Parts in the Netherlands.**

QuantiParts is pleased to announce that it has decided to transfer the spare parts and support activities to **Storm Engines & Parts** of the **Deutz 440/441** engine types, this is effective from the 1<sup>st</sup> of April 2024. With this transfer of the complete product responsibility, both parties express their shared passion to keep the mentioned Deutz/MWM engines running and extend the service lifetime for the remaining still operational installed base.

**Way of working from the 1<sup>st</sup> April 2024 on**

From the 1<sup>st</sup> April 2024 inquiries and orders for mentioned Deutz engines types should be sent to **Storm Engines & Parts**, directly via mail address:

**info@stormenginesandparts.nl.**

Storm Engines & Parts will complete the commercial process with spare parts towards the end user. To guarantee smooth execution of the transfer, (parts prices for the Deutz 440/441 engine, will no longer be accessible via QuantiParts) requests sent after 1<sup>st</sup> of April will be forwarded to Storm engine & parts.

Orders already booked (pre 1-April 2024) in SAP, will still be delivered via QuantiParts.

**Storm Engines & Parts** is a well-respected technical supplier, that has supported engines for more than 30 years and has a long and successful cooperation with QuantiParts. They have the knowledge and the passion to keep the engines running.
